18th RENDEZ-VOUS DU CARNET DE VOYAGE

DIGITAL TRAVEL SKETCHBOOK PRIZE

Every year the 'Il Faut Aller Voir' organisation together with VIDEOFORMES, a video art and digital culture festival award the Digital Travel Sketchbook Prize.

The association Il Faut Aller Voir offers a space to alternative forms of travel stories. The objective of this proposal is to give full legitimacy to hybrid formats that explore the richness of the borders between documentary and artistic, between the experience of travel and its sharing.

In partnership with the VIDEOFORMES Association, which has been supporting an annual festival of digital creations in Clermont-Ferrand for more than thirty years, the Rendez-vous du Carnet de Voyage will propose to an artist or a collective of artists, to invest a space that will be dedicated for his/their work.
